

# IN CELEBRATION OF POLISH CONSTITUTION DAY

## Flag Raising

May 5, 2013

*On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone celebrating Polish Constitution Day.*

*I am honoured to add my voice to this ceremony as the Polish community commemorates one of the most important achievements in the history of Poland — the declaration of the Constitution of May 3, 1791.*

*For the people of Poland, this constitution embodies the ideals of an independent and just society. And for Polish Canadians and people of Polish descent, it is a point of pride from which you draw strength and inspiration. The citizens of this great province are very pleased to join you in marking this important day — and in celebrating Poland's many contributions to democracy and to Canada's multicultural success story.*

*Please accept my sincere best wishes for a meaningful celebration.*
